Alea utilizza per i suoi prodotti e i suoi imballi materiali facilmente separabili e riciclabili.

Nella produzione dei suoi manufatti, Alea si impegna ad utilizzare materiali legnosi FSC e pannelli a base di legno con certificazione CARB2. I pannelli CARB2 presentano un rilascio di formaldeide inferiore rispetto al pannello E1 comunemente utilizzato (classe E1 secondo il DM 10/10/2008).

Alea uses materials that are easy to separate and recycle for its products and packaging.

Alea is committed to using FSC wood-based materials and CARB2-certified wood-based panels.

CARB2 panels have a lower formaldehyde release than the commonly used E1 panel (class E1 according to DM 10/10/2008).

Alea utilise des matériaux facilement séparables et recyclables pour ses produits et ses emballages.

Dans la production de ses produits, Alea s'engage à utiliser des matériaux en bois FSC et des panneaux à base de bois avec la certification CARB2. Les panneaux CARB2 dégagent moins de formaldéhyde que le panneau E1 couramment utilisé (classe E1 selon DM 10/10/2008).

Para sus productos y embalajes, Alea utiliza materiales fácilmente separables y reciclables.

En la fabricación de sus productos, Alea se compromete a utilizar materiales de madera FSC y paneles de madera con certificación CARB2. Los paneles CARB2 tienen una menor liberación de formaldehído que el panel E1 comúnmente utilizado (clase E1 según DM 10/10/2008).
